

RESOURCES & MERCHANDISE ORDER FORM

Stand Up is the world's largest mobilisation. It is a worldwide initiative seeking to end poverty, address its causes and achieve the Millennium Development Goals (MDGs). In 2008, 117 million people worldwide joined together through Stand Up (a Guinness World Record), including over 207,000 Australians who participated in Stand Up events around the country. The 2008 Stand Up participation led to direct action and policy changes in many developing countries, where leaders saw that people in their country were passionate about ending poverty. Many more steps need to be taken.

This year join us as more and more people come together to urge world leaders to keep their promises and do their fair share to end poverty and climate change. You can Stand Up in your school, university, workplace, church or community group to add your voice to the growing worldwide movement that will not remain seated in the face of poverty.
